A PERFORMANCE AT A GLANCE

Performance is the term we use to describe how well your child understands the material tested. This section provides an overview of how your child did on each test by looking at the performance level they earned.

B REPORTING CATEGORY

This shows the type of questions and the number your child answered correctly within each category.

C SCALE SCORE

You can see your child's exact score, and where the score is in relation to the three performance levels. This section shows the score ranges (far left being the lowest and far right being the highest), your child's exact score, and where they fall within the three performance levels.

D PERFORMANCE LEVEL

Your child's performance level is shown for each test. There are three performance levels: Developing, Satisfactory and Accomplished.

B STUDENT PORTAL

Parents can login to the student portal to view their child's scores online by using their child's unique access code and date of birth.

Understanding the STAAR Alternate 2 Report Card

Your child took STAAR Alternate 2 in spring 2023. Students respond to questions asked by a trained test administrator in a one-on-one setting. Test questions are based on prerequisite skills linked to the Texas Essential Knowledge and Skills (TEKS), the statewide curriculum. The content and skills tested on each STAAR Alternate 2 assessment are grouped together into reporting categories.

The generic report images below provide details about what information is provided in the STAAR Alternate 2 Report Card.
